## Bridal Makeup

Makeup for you and your gals on your special day! I love weddings and it's my speciality.

Each makeup is customised so everyone feels comfortable.

A maximum of 8 people in the day before bringing on another artist (which I can also help book) due to timing.

Due to the time I also usually stick with makeup for weddings however if you have 4/5 people or less I can do hair styling as well.

Please note bridal parties can start early so early bird fees may apply (details below)

Bridal Makeup \$200  
Bridesmaids \$170  
Mums/Grandmothers \$150  
Flower girls (under 10) free of charge

## Event Makeup

Makeup style of choice with individual lashes included. I will consult you first to get a thorough idea of what you like/dislike with makeup and what you're used to so we can find a look that suits you best. My makeup style has always been to enhance the beauty rather than change it and I do prefer a more natural makeup look however also love creating a glam look and everything in between.

## Makeup lessons

One on one makeup lessons in the comfort of your own home. They are a 25 hour service which includes makeup look of choice. I will cater to your skill level with different paces, techniques and products. All makeup questions answered as well as looking at products you are currently using and what you may need to create the desired look (I can recommend products that i've loved and used too). This is a step by step process, starting with me doing one step on one side of the face, followed by you finishing the other side while I watch and correct if needed. I believe this is the best way to do it!

\$400

## Bridal touch ups

If you would like touch ups in between the ceremony and reception, I can come to you (usually in the bridal room at the reception) for up to one hour. You basically have me to do whatever you want for that time. I can bring my bag of tricks and will happily adjust any hair and makeup as required.

\$350 call out fee  
(plus travel)

## Group workshops

Makeup lessons from 2-10 people in a workshop style lesson, starting off with a demonstration of desired makeup look, followed by each client repeating the look on themselves using a combination of your own current products plus a few from my makeup kit. This ensures the makeup look can be recreated at home and clients are encouraged to take notes, and list down product favourites.

The makeup can be suited to different skill levels and any makeup look of choice. Suitable for any occasion (hens parties, corporate makeup lessons, just a Friday night with friends etc). Get your friends together and feel free to bring out the wine and cheese.

\$400 for the first person and \$50 per person after that (of course then gets split between you all to work out more cost effective.

## Travel

I am completely mobile and travel out to you in the comfort of your own home and can travel anywhere within Australia and beyond (if you're willing to fly me to Europe I'm there).

Travel for NSW is approximately \$1 per kilometre return for the time it takes from me (Illawong) to you.

This is a guide only and can be rounded up/down due to timing to location and tolls etc. No travel fee is added to local areas around me within 5km. Please let me know the location and I can confirm travel costs.

Long distance travel via car (berry, hunter valley, etc) can range from \$100-\$600. Accommodation may be required for the night before for long travel bookings which comes at the clients expense.

Interstate travel is \$600 travel fee for my time plus flights, accommodation (2 nights for further travel) and all transfers to and from airport/location etc. Please inquire within and specify details.

Please note that if I'm travelling an hour return, this would be the amount of time to fit in a complete new client which is why I add travel costs so further travel comes at a higher cost for the same reason and of course blocking out the day before when staying overnight.

Travel is a one off fee per booking so if there are a few of you of course you can split per person.

## Photoshoots/Commercials etc

Please inquire within and state how many models, if touch ups are required, company, duration of shoot, location, budget and any further details.

Cost is roughly the same per hair and makeup plus hourly rate to stay back.

## Timing

Makeup Application: Approximately 1 hour (50 minutes of so for makeup plus consult and set up time)

Bridal parties:

Bride - 1 hour, Bridesmaids -50 minutes and mums 40 minutes

Set up 10 minutes plus 30 minutes at the end for lips and any touch ups if required. I do also stay back to ensure everything is under control (fix any makeup from tears and usually a helping hand if needed). Please note I suggest being ready with hair and makeup one hour before you need to leave to ensure there's enough time to get dressed etc so work backwards from the ceremony time to get makeup start time. If you leave it too late you may stress or not get the photos you need and too early can get anxious waiting all ready to go so I find that's the magic timing.

Hair timing can really depend on the style however similar timing to makeup if anything a little less. Please specify style when booking and hair length/thickness so I can get a better idea on timing. Usually hair and makeup together is 1.5-2 hours.

## Parking

Parking is an additional cost if required. (Usually for CBD bookings or at hotels). This will need to be organised by the client and at the client's expense. Some hotels can validate parking for visitors of guests so check with them. If parking is limited for residential spots please let me know an alternative option.

## Deposits and payment

20% deposits are essential for all bookings to secure the date/time. This includes one off clients, not just bridal parties. You are not booked in with me unless a deposit has been made.

Deposits are non refundable as they have blocked out that specific time for you and I would have started to knock back clients. If you cancel your booking unfortunately the deposit will be lost and cannot be transferred to another date.

Preferred payment of deposits is via bank transfer - details available on request.

## Prep tips:

For makeup bookings please be fresh faced with no makeup and cleansed skin. You can do your normal skincare routine and moisturise however I also have that if not so don't worry. Best results prep skin a day or two before with a light exfoliation or face mask.

For hair styling bookings please wash hair (recommended the night before) and dry off with hairdryer or naturally, with little to no product. If you find your hair gets too oily, trust your judgement on time to wash or just ask me. Please remember to thoroughly rinse out your conditioner as any excess conditioner built up can affect the longevity of the style.

## Lashes

False lashes are included in all makeup services with no additional cost. My signature style is using individual lashes on each client & adjusting the lengths and amount depending on the eyes as well as the style desired. Individual lashes also feel a lot more comfortable than full strips and will last longer so has always been the preferred option in my kit.

## Set up

I am completely mobile and bring it all to you. We just need a chair/stool for you to sit on and a table/bench for products. If these aren't available please let me know and I can bring it along. Natural light (usually near a window) is the best for makeup and for hair bookings I'll just need a power point (though I always bring an extension cord). If there's minimal light from an early morning or dark room I can also bring a light too just let me know.
